October 5, 2020

Dear Pastor,

The Guild of St. Luke of the Archdiocese of Boston is sponsoring an Honor Roll to recognize a physician or allied health professional from each parish who has provided exemplary service to our communities during the COVID pandemic. We would be honored to receive a nominee from your parish or collaborative. Please use the attached selection form to submit the name of the parishioner you would like recognized. We will contact the individual you nominate to seek their permission to add to the honor roll, which will be published during Lent 2021. We expect to have a Mass celebrated by Cardinal O'Malley at which time they will receive a plaque inscribed with his prayer of safety during the pandemic.

We have all faced significant COVID-related challenges. This nomination is not meant to be an award or endorsement of the health care professional, but an opportunity to identify and pray for members of the profession to strengthen them during these challenging times. Please return the attached form by All Saints Day, November 1st. Thank you for your great and sacrificial ministry bringing God's healing strength of everyone who has been impacted by the pandemic.

Pax Christi,

Dr. John Barravecchio, President  
Guild of St. Luke  
26 Houston Avenue  
Milton, MA 02186
