At a time when the value of life is threatened on so many fronts, Pope St. John Paul's encyclical *The Gospel of Life* continues to be the most comprehensive and inspiring compilation of Church teachings on the life issues.

In honor of the 25th anniversary of publication, the USCCB Pro Life Secretariat developed a Study Guide and Compendium to assist individuals and groups in studying and reflecting on its significance. The Pro Life Office invites you to join using these materials to read (or perhaps re-read) the Gospel of Life and reflect on its meaning today for you, the Church, and our culture.
