

# Grateful Discipleship Program

*“What return can I make to the Lord for all the good he has done for me?”*

*Psalm 116*

The Parish Financial Services and Parish Evangelization Teams are pleased to introduce the ***Grateful Discipleship Program***.

This simple engagement program encourages parishioners to make a yearly commitment based on their personal circumstances to the growth of the parish. After prayerful discernment, they commit to devote time to prayer, service and generous sharing. This annual commitment, nourished by preaching and education, produces dramatic growth within a couple of years.

The goal of the program is to invite and encourage parishioners to see that their generosity, their service and their prayer are ways they show their gratitude to God for their many blessings.

Impact

See immediate increases in commitments of prayer, service and sharing

Planning and implementation for this program is being provided to parishes at no cost in 2021.
