

Parish Safety & Security Webinar

May 10, 2021

1:00 - 2:00 pm

Does your parish have a plan to respond to emergencies, such as violent intruders, medical crises, and weather hazards? What are some cost-effective ways you can improve the safety of your parish community? The Department of Homeland Security urges houses of worship to develop and maintain safety plans and procedures, and the Office of Risk Management and our partner, Ratio Risk Services, want to help.

Please join us for an **interactive safety planning webinar** where we walk you through the process and introduce you to customized tools and resources.

TOPICS INCLUDE:

- Establishing a parish safety team**
- Planning for various emergency scenarios**
- Conducting self assessments**
- The role of ushers and greeters**

About the Presenter

Dr. Sheila Kukstis is a veteran educator with 39 years' experience in Catholic, charter and public schools. Sheila was a principal for 22 years in multiple districts, including 13 years as a Catholic school principal and also served as an Assistant Superintendent in the Archdiocese of Boston's Catholic Schools Office.

While working in the Catholic Schools' Office, Sheila was the CSO liaison to the Office of Risk Management, working closely with Risk Management to provide support to schools.

She has since continued to work with Risk Management providing training in the areas of safety and security.
