

Live Safe Environment online sessions for your students, parents and teachers coming back to a convenient Zoom link near you during the last week in May and the month of June

The live April sessions offered online helped provide easy access to important Child Protection classes - and from feedback they have been a great support for parishes, informative and enjoyable for participants, and sensitive to time commitment with classes lasting only 30 to 40 minutes.

The Child Advocacy office would like to take advantage of the gracious permission from The Committee for Children to use the *Second Step Child Protection Unit* during this challenging year of covid, so will extend offering the classes to parishes through June. For those unfamiliar with the curriculum, information can be found at <https://www.secondstep.org/child-protection>.

The sessions will continue to be presented by the Child Advocacy office so not only is it simple for parishes to share this invitation with their students and families, but also is a good chance for parishes to see some of the *Second Step* programming as well as offer all Faith Formation/Religious Education teachers the opportunity to have a quick view of the material that is being provided to their students.

Thank you for all you do to keep everyone safe, and for the gift of helping us stay connected with you and your parishioners.

If you have any questions, please email Kristen at kgotter@rcab.org.

Please share the below schedule/links with students and families who have not participated in any Safe Environment program this year, and also with all teachers who may be interested. Same as before, only one session for any student and there are 2 grade groupings from which to choose – **grades 1, 2 + 3 together** – and **grades 4 + 5 together**.
