CATHOLIC HEALTH FOUNDATION OF GREATER BOSTON, INC. ■ 66 BROOKS DRIVE ■ BRAINTREE, MA 02184

2022 - Request for Proposals

The Catholic Health Foundation of Greater Boston, Inc. (“Catholic Health Foundation”) currently seeks opportunities to make health-related grants in the following areas:

- Bereavement
- Building/Equipment
- Cancer (including breast cancer research)
- Education (medical or health)
- Employee Assistance
- Health/medical services for the residents of Middleborough, MA
- Social Needs
- Unrestricted

Applications should be submitted through our online grant application. The online grant application can be accessed by clicking [here](#).

Grant applications for this review period will be accepted between January 31, 2022 and no later than 5:00pm on Thursday, March 31, 2022. Grants will be awarded before June 30, 2022.

Eligibility:

Grants from the CHF are only considered for nonprofit organizations:

- providing health care and/or health care services that are consistent with the teachings of the Roman Catholic Church, and
- are located within the Archdiocese of Boston and/or are providing services within the 144 cities and towns that comprise the Roman Catholic Archdiocese of Boston.

Guidelines:

- No grants will be made to individuals or to government agencies
- No grants will be made for endowments or operating deficits
- No grants will be made to cover general operating expenses of the Archdiocese of Boston or any of its constituent churches or parishes
- Applications will only be considered if a previously funded organization has submitted a final report on grants received from CHF
- The CHF will consider multi-year requests; however, most grants will be made for one year.
- Unless donor-directed otherwise, most CHF grants are small in size (under \$25,000)
- Organizations that have received three or more years of consecutive grant support will be ineligible to reapply for funding in the next annual funding cycle. Exceptions will include funds that are donor-directed, and may include situations where there are emergency needs, or where longer-term programs are critical to advancing high priorities.

We welcome your application and questions are encouraged. Please feel free to contact:
