Re: Surplus furniture

I have been contacted by an office in Boston that is shutting down and would like to donate office furniture. There are tables, chairs, desks, file cabinets, some kitchen equipment and many other office items. If interested, the items would need to be picked up in Boston. If you are interested, please contact Paul Morin at 781-844-6114. Paul will coordinate with the donor and arrange a time for pick up. This is first come, first serve.
